

ONLINE CREDIT RECOVERY AGREEMENT

NC DPI has mandated that all online **Credit Recovery** courses be assigned a pass/fail grade only. No numerical grade will be awarded. Students wanting to earn a numerical grade in a course may choose to repeat the full course for credit, either in the classroom or through online courses.

As such, I understand that by signing up for an online **Credit Recovery** course:

- a) If I pass the course, I will receive credit for the course and a “Pass” on my transcript which does NOT affect my GPA.
- b) If I do not complete MASTERY of ALL assignments in the course, I will not receive credit for the course and will receive a “Fail” on my transcript which will count as a 0 in my GPA calculation.

Because **Credit Recovery** courses do not receive a numerical grade, the NCAA does NOT accept those courses in determining eligibility requirements for potential college athletes interested in playing Division I or II sports.

Student Name: _____

Online Credit Recovery Course: _____
